Survivors of Suicide

A Support Group

What is the SOS group?

Survivors of Suicide (SOS) groups are support groups specifically for people who have been bereaved of a loved one as a result of suicide.

Why is there a special group for suicide survivors?

Loss of a loved one by suicide is a complex and difficult grief experience that can feel isolating. The goal of this SOS group is to provide guidance and support through the grief process.

Who sponsors this program?

SOS Groups are sponsored by the Las Cruces Suicide Prevention Task Force, Peak Behavioral Health Services, and NAMI Southern New Mexico.

What happens at an SOS Meeting?

SOS support groups are a closed group that meets for 2 hours once a week for eight weeks.

Group members share about their experiences and receive helpful information on how to cope with their loss. SOS groups are for support, not therapy.

In the future there will be monthly “drop-in” groups available to people who have completed an eight week SOS group, to provide ongoing support as needed.

How do I sign up?

Anyone 18 years or older may contact the Las Cruces SOS group.
